Class Objectives

Guiding and inspiring students through thematic contents, lean and engage in creative activities

- 1.5 hours per week to complete a small piece of work on a related theme that is simple and easy for children.
- Themes are unique. Teacher will provide reasonable guidance to encourage children to doodle, and use abstract form to express the figurative form.
- No pressure on children. The cultivation of drawing interests is the main focus, and children will have more freedom for expression.
- Teacher will patiently accompany the children, creating a sense of security while they are drawing.
- The teaching pace is relatively slow, allowing children more time and space to engage with art.
- Develop children's patience and perseverance.
